

Virtual Winter Conference

Theme: Digital Forensic Anthropology

The British Association for Forensic Anthropology (BAFA) will be holding their annual Winter Conference virtually on the 12th December 2020.

The conference will be FREE to all BAFA Members!
Non-member rate: £30
Student non-member rate: £15

DEC

12

AGM

Update from the BAFA Chair and committee members with live member voting.

POSTER SESSION

Virtual poster session with student prizes!

WORKSHOP

- An interactive workshop will provide guidance on how to create 3D modelled bones from computed tomography (CT) data.
- Attendees can download the method, software and data in advance and be guided through creating their own 3D models!
- The use of 3D models online and in teaching will also be discussed.

KEYNOTE SPEAKER

Dr Negahnaz Moghaddam from The University of Lausanne will be speaking about their use of 3D CT data in forensic anthropology casework.

INTERACTIVE SESSION

Interactive session on Virtual Anthropology in Education, giving a student perspective of blended learning during 2020, followed by group discussions.

STUDENT SOCIAL

A student social with a quiz and prizes will follow the conference events!

Register at <https://forms.gle/PHo1gmueoA1k6XoQ6> by the 9th December, or visit WWW.BAFA.UK for more details.
