Emslie Horniman Anthropological Scholarship Fund

Thank you for agreeing to act as a referee for this application to the Emslie Horniman Anthropological Scholarship Fund. The aim of the Fund is to help graduate students to undertake fieldwork on any aspect of anthropology in the wider sense including ethnology, ethnography, and all other branches of science relating to the social, physical and natural development of human beings.

Far more applications are made to the Fund than it can support. The Trustees are therefore dependent to a considerable extent upon the opinions of the referees in their difficult task in selecting the best candidates. They will be most grateful for a full and frank assessment of the applicant; in particular they require comments on the following:

- the reliability of the applicant to see the project through to completion and his/her ability to write a full report on completion of the fieldwork
- the originality of the proposed project and its relevance
- the feasibility of the proposed project, specifically with regards to its methods and timescale.

Please send your reference as a PDF to admin@therai.org.uk. Please ensure that this will arrive by the deadline of 31st March.

Many thanks for your assistance.

Yours sincerely

Jason E R Webber MInstAM
Assistant Director of Administration
